Clinical Trials

Through Oncology Alliance clinical trials, physicians and staff discover and implement new treatment options and increase patients' chances of survival

- Offered at each of Oncology Alliance's 11 office locations
- Patients have access to new approaches before they are widely available
- The patient's ideal plan for care is considered before participation
- Physicians and staff educate potential participants about their best options for care

Supplemental Care

To supplement physician excellence and innovative treatments, Oncology Alliance offers comprehensive services focused on a patient's physical and mental well-being:

- * Nutrition
- * Second opinion services
- * Pharmaceutical services
- * Education
- * Support groups
- * Social work

Community Involvement

- American Cancer Society's Making Strides for Breast Cancer – Oncology Alliance employees have participated for the past 11 years
- Susan G. Komen Race for the Cure – Oncology Alliance sponsors (2007 and 2008) and participates (2004-2008)
- Oncology Alliance Angels – a volunteer program for which employees give time to help and visit with patients at area hospices
- Oncology Alliance sponsors and participates in 11 other cancer-related (The Leukemia & Lymphoma Society's Light the Night Walk) and noncancer-related (Habitat for Humanity) events throughout the Southeastern Wisconsin region
